

June 2025

Below is the 2024 Consumer Confidence Report (CCR) for the Village of Cerro Gordo, Illinois. This notice provides summary information regarding a federal public right-to-know rule called by the same name (CCR). The CCR, is an annual report that provides a “snapshot” of water quality and operations for each supply for a specific time period (previous calendar year.) Since our water supply has experienced no violations during 2024, the Illinois Environmental Protection Agency has issued us a waiver from direct-mail or hand-delivered requirements. However, if you would like a copy of this report, please pick one up at the Cerro Gordo Municipal Office during regular business hours.

Please note, this report states that NO VIOLATIONS were recorded for our facility during the CCR reporting period.
